Profile

**A high level of interest in IT, especially software engineering.
Motivated team player who always wants to learn new skills**

Education

2018 - 2021 - University of Portsmouth BSC (Hons) Computer Science

- This included modules in Software Engineering, Programming Applications and Languages, Web Programming, and Enterprise Web Architecture. With a lot of interest in Software Engineering.
- In my Final Year Project, I created a mobile application with the report title "Mobile app with graduated levels for learning programming language concepts"
- I have received a 2:1 Honours degree
- During this, I have used Java, Python, HTML, CSS, JavaScript, MySQL, and Haskell.
- The software I have used during my degree is Android Studio, Atom, NetBeans, IntelliJ, RiverBed, and GitHub.

2016 - 2018 - Beacon Academy Sixth Form

- I got 2 C's at A-Level in sociology and geology and One Distinction* in BTEC Applied Biology

2011 - 2016 - Tunbridge Wells Grammar School for Boys

- I got 9 GCSE, including an A in maths and a 4 in English Language
-

Work Experience

2020 Christmas - Morrisons

- **Temporary Customer Assistant**
 - Help customers

- Work unsocial hours

2014 - Present - Simply Private Limited (Dental Laboratory)

During this time I started making gum shields and night guards then gained confidence and skills to be able to pour models and move onto denture work and bite blocks. During this time I had also been helping out with the company's IT problems as well, including building and setting up an office and making sure all the computers software and hardware are up to date with their latest software needed for the company's purpose. Currently, I work weekends when I am not at university helping out wherever I am needed, but this is usually when a computer issue occurs. During my time here I have developed many skills, including talking to customers, taking care of situations over the phone, problem Identification, and developed experience in IT.

Hospice in the Weald Charity Shop

- **Customer Assistant**
-

Experience/Skills
